Introduction

Clean water, basic toilets and good hygiene practices are essential for the survival and development of children. Today, there are around 2.4 billion people who do not use improved sanitation, and 663 million who do not have access to improved water sources.

Without these basic needs, the lives of millions of people are at risk. For children under five, water- and sanitation-related diseases are one of the leading causes of death. Every day, over 800 children die from preventable diseases caused by poor water, and a lack of sanitation and hygiene.

Swachh Bharat Mission (Gramin) Narmada team works in over 561 villages, 5 Blocks to improve water and sanitation services, as well as basic hygiene practices. Apart from the overwhelming social arguments, there are also powerful economic and environmental reasons for improving sanitation services for the poor. Team Narmada has done extensively for achieving this milestone. We are dedicated for our mission.

Dr. Ranjit Kumar Singh (IAS)
District Development Officer
Narmada, Gujarat
Up to June 1997, three talukas of the district were part of the Bharuch district and one taluka viz. Tilakwada was under the Vadodara district. In October 1997, this district has been newly created. The district headquarter is Rajpipla. Earlier, this place was known as Nandipur. Now it is known as Nadod also. Nandipur was older than Patan, the old capital of Gujarat. After the fall of Gupt region, the Nandipur area was captured by the Rajput of Bharuch. The mention of Nandipur as a capital had been seen on the inscription of Chalukya and Gurjars of Lat region. From the documents pertaining to gift of land or village (Danshasan), Akureshwar of (Ankleshwar) and Sangam Khetak (Sankheda) districts, it was observed that the capital of the districts was shown as Nandipur (Nandipuri). The Gohil emperors of Nandipur had shifted to Saputara because of assassination of Kings of Gujarat. There, they had taken shelter under the tree of Pipla, a holy tree and hence the new place was named as Rajpipla (1438-1457 A.D.) Then after about the period of about 150 years (one and half century) of middle era was considered of wars between Hindus Rajputs and Muslims emperors of the Gujarat (including Rajpipla) and Saurashtra. Hindu Rajput emperors of Rajpipla, Junagadh, Kalawad etc. fought for their existence but because of lack of the unity between them, they were defeated by the Muslims emperors.
District Profile of Narmada

After the death of Aurangzeb, like other parts of the country in Gujarat also the Mughal region, had become weaken and in the beginning of 13 the eighteenth century Marathas emperors had come on power. Thus Rajpipla had also come under them. Among Marathas, Gaikwads were strong in Gujarat. In the beginning of eighteenth century, Versalaji I was ruling at Rajpipla. After his death his son Jitsinhaji ruled up to 1754 A.D. His rule was appreciable. During the governance of Pratapsinhaji, the son of Jitsinhji Damajirao Gaikwad of Vadodara attacked on Rajpipla and eastablished his right on half of the revenue. Later on, after the death of Pratapsinh his son Raisinhaji came in power. He got his nice married with Damaji Gaikwad and Gaikwad vacated his right on the revenue but instead of He decided to give some fixed amount. Meanwhile, the younger brother of Raisinhji, Ajabsinhaji made a quarrel with him for the power. Ajabsinhji got success and he became of ruler of Rajpipla. Ajabsinhji died in 1803 A.D. and again his two sons Ramsinh and Nisharsinh had a quarrel for the throne. With the help of army, Ramsinh, came on power but because of his passionate nature he was forced to vacate the throne and his son Pratapsinh was given the power. But because of the allegation of Nisharsinh about Pratapsinh-not being the real son of Ramsinh Deputy Resident Vilebi was appointed to finalize the case. As the decision came against Pratapsinh Nisharsinh was given the power. But as he was blind, his son Verisalaji II was declared as a ruler of Rajpipla. But he was minor. Therefore Vilebi was asked to administer the Rajpipla state. He established peace and safety. When Verisalji II became adult, he was handed over the administration of Rajpipla. In the year 1859, with the permission of British Government he appointed his son Gambhirsinhji as a co administrator 14 of Rajpipla. But later because of clash between father and son about administration father Verisalaji II was compulsorily retired.
Administrative Set-up

With a view to run the administration of the State smoothly, it has been divided into Districts, which in turn have been further sub-divided into Talukas (Tahsil). In the State of Gujarat, the community development blocks are co-terminus with the Talukas. The Talukas contain large number of villages and possibly several towns. The villages have Village Panchayats to run the local administration. A Village Panchayat may constitute of one revenue village, several revenue villages or a part of a large village. Similarly, the towns have Municipality or Municipal Corporation as the seat of local self-government.

In the State of Gujarat, as on December 2009 there were 26 districts and 225 Talukas, against 25 districts and 226 Talukas in 2001 Census. In 1997 by several notification(s), Government of Gujarat reconstituted some districts and talukas of the State.

स्वच्छता शपथ

महात्मा गांधी ने जिस भारत का सपना देखा था उसमें सिर्फ़ राजनैतिक आजादी ही नहीं थी, बल्कि एक स्वच्छ एवं विकसित देश की कल्पना भी थी।

महात्मा गांधी ने गुलामी की जंजीरों को तोड़कर माँ भारती को आज्ञाद कराया।

अब हमारा कर्तव्य है कि गंदगी को दूर करके भारत माता की सेवा करें।

मैं शपथ लेता हूं कि मैं स्वच्छ स्वच्छता के प्रति सजग रहूंगा और उसके लिए समय दूंगा।

हर वर्ष 100 घंटे यानी हर सप्ताह 2 घंटे अधिकार करके स्वच्छता के इस संकल्प को चरितार्थ करूंगा।

मैं न गंदगी करूंगा न किसी और को करने दूंगा।

सबसे पहले मैं स्वच्छ से, मेरे परिवार से, मेरे मुहल्ले से, मेरे गांव से एवं मेरे कार्यस्थल से शुरुआत करूंगा।

मैं यह मानता हूं कि दुनिया के जो भी देश स्वच्छ दिखाते हैं उसका कारण यह है कि वहां के नागरिक गंदगी नहीं करते और न ही होने देते हैं।

इस विचार के साथ मैं गांव-गांव और गली-गली स्वच्छ भारत मिशन का प्रचार करूंगा।

मैं आज जो शपथ ले रहा हूं, वह अन्यतम 100 व्यक्तियों से भी करवाऊंगा।

वे भी मेरी तरह स्वच्छता के लिए 100 घंटे दें, इसके लिए प्रयास करूंगा।

मुझे मानूस है कि स्वच्छता की तरफ बढ़ाया गया मेरा एक कदम पूरे भारत देश को स्वच्छ बनाने में मदद करेगा।

Inspiration

“So long as you do not take the broom and the bucket in your hands, you cannot make your towns and cities clean.”

“The cause of many of our diseases is the condition of our lavatories and our bad habit of disposing of excreta anywhere and everywhere. I, therefore, believe in the absolute necessity of a clean place for answering the call of nature and clean articles for use at the time.”

"Mahatma Gandhiji"
