## 5 . Fill in the details and take geotagged photographs.

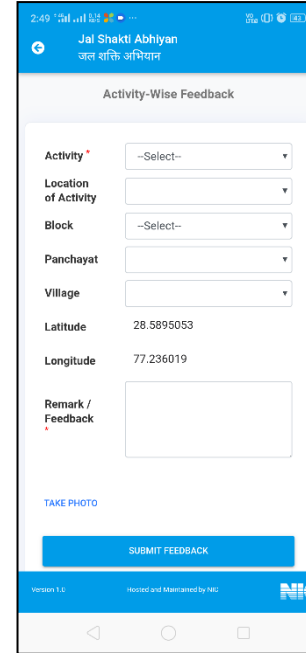

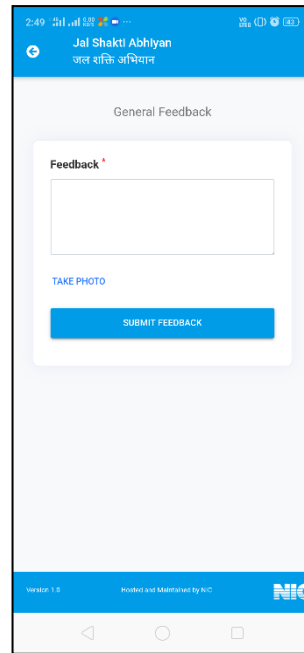

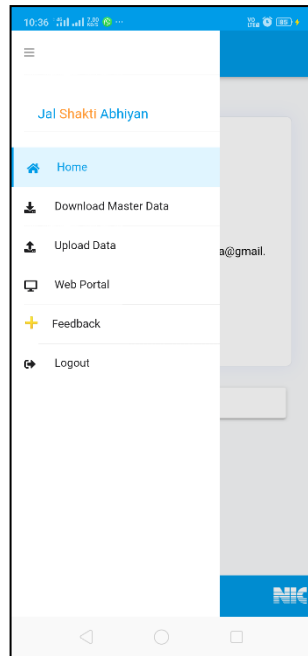

The screenshot displays the 'Jal Shakti Abhiyan' mobile application interface. At the top, the status bar shows the time as 2:48 and various system icons. The app's title bar is blue with the text 'Jal Shakti Abhiyan' and 'जल शक्ति अभियान'. Below the title bar, the instruction 'Capture Lat, Lng and Photograph of Activity' is displayed. The main form area is titled 'BIHAR → AURANGABAD' and contains several dropdown menus for 'Block', 'Panchayat', 'Village', 'Ministry', 'Scheme', 'Activity', and 'Location of Activity'. The 'Block' dropdown is currently set to 'DAUDNAGAR'. Below these dropdowns, the app displays the current location coordinates: Latitude 28.5895053 and Longitude 77.236019, along with an accuracy of 22.770000457763672. A text input field for 'Remark / Feedback' is located below the coordinates. At the bottom of the form, there is a red-bordered button labeled 'TAKE PHOTO'. The footer of the app shows 'Version: 1.0', 'Hosted and Maintained by NIC', and the NIC logo.

| Field                | Value              |
|----------------------|--------------------|
| Block                | DAUDNAGAR          |
| Panchayat            | --Select--         |
| Village              |                    |
| Ministry             |                    |
| Scheme               |                    |
| Activity             |                    |
| Location of Activity |                    |
| Latitude             | 28.5895053         |
| Longitude            | 77.236019          |
| Accuracy             | 22.770000457763672 |
| Remark / Feedback    |                    |
